CAREER OBJECTIVE

Aspiring to utilize my technical skills and innovative mindset in a challenging role that drives organizational success and supports my professional growth.

EDUCATION

B.Tech in Computer Science and Engineering

- DVR & Dr. HS MIC College of Technology | 2022–2026
- CGPA: 7.96

Intermediate(MPC)

- Sri Akshara Junior College, Kanchikacherla | 2019–2021
- Percentage: 72.8

SSC

- Vijayarani EM High School, Kanchikacherla | 2019
- GPA: 9.3

SKILLS

Programming Languages: C, Python, Java (Basic), R (Basic), Kotlin (Basic)

Python Libraries: NumPy, Pandas

Tools & Platforms: Turbo C, Anaconda Navigator, MS Office, MS Excel, Google Colab

IDEs & Editors: VS Code, Jupyter Notebook (via Anaconda), Replit

Web Technologies: HTML, CSS, JavaScript, React (Basic)

Databases: MySQL

Soft Skills: Communication (English, Telugu), Team Collaboration, Quick Learning

Operating Systems: Windows

Currently Learning: AI Concepts

EXPERIENCE

Google Android Developer Virtual Internship | Apr – Jun 2024

- Successfully completed a certified short-term virtual internship focused on Android app development.
- Organized by EduSkills in collaboration with Andhra Pradesh State Council of Higher Education (APSCHE).
- Built basic Android applications using XML and Java/Kotlin.

Google AI-ML Virtual Internship | Jul – Sep 2024

- Completed a certified internship covering foundational concepts in Artificial Intelligence and Machine Learning.
- Gained knowledge in supervised learning, data preprocessing, model training, and evaluation using Python

Web Full Stack Developer Virtual Internship | Oct – Dec 2024

- Completed a certified internship in full-stack web development.
- Gained hands-on experience in front-end (HTML, CSS, JS) and basic back-end concepts.

Generative AI & Prompt Engineering Virtual Internship | May – Jul 2025

- Completed an internship focused on ChatGPT, prompt engineering, and generative AI.
- Gained practical experience in crafting effective prompts, understanding LLM behavior, and building GenAI-based applications.

WORKSHOPS

AI Tools & ChatGPT Workshop – Be10x

- Completed a hands-on workshop on using AI tools for creating presentations, analyzing data, and debugging code efficiently.

CERTIFICATIONS

Artificial Intelligence & Machine Learning

- Introduction to Artificial Intelligence

- Artificial Intelligence

- Generative AI Unleashing

- GenAI for IT: Transforming IT with Generative AI

- Prompt Engineering

- Introduction to Natural Language Processing

- Introduction to Deep Learning

- Introduction to Data Science

- Feature Engineering

- Computer Vision 101

Programming & Web Development

- Data Structures and Algorithms using Java

- JavaScript – Infosys Springboard

- R Programming – Infosys Springboard

- Certified in HTML-5, CSS

Salesforce Platform

- Salesforce Apex Programming

- Salesforce Visualforce Pages

- Salesforce Lightning Components Overview

- Salesforce Platform Development

- Salesforce Integration

Automation & Development Practices

- Introduction to Robotic Process Automation

- Agile Scrum in Practice

Soft Skills Certifications

- Email Writing Skills

- Time Management

HOBBIES

- Typing practice, listening to podcasts, exploring tools, following tech news, cooking, watching movies, walking

STRENGTHS

- Quick learner, self-motivated, strong typing skills, good communication, adaptable, and eager to explore emerging technologies.

<u>DECLARATION</u>

I hereby declare that the above particulars of facts and information stated are true, correct, and complete to the best of my belief and knowledge.
